

# Support DOAB through our sponsorship programme

DOAB is a non-profit service that has been in operation for ten years and is run by the DOAB Foundation. The DOAB Foundation relies on contributions from research institutions, funders and publishers to carry out its mission: to increase the discoverability of open access books and to build trust around open access publishing.

The DOAB sponsorship programme invites publishers and other organisations that endorse and support a transition to open access (OA) for books. While freely available, we invite stakeholders to contribute to the sustainability of DOAB through a sponsorship. These sponsorship contributions directly support the DOAB platform and help maintain and further develop a trusted venue dedicated to OA books.

All sponsors are publicly acknowledged on our website and receive additional benefits such as increased brand visibility and tailored documentation depending on their sponsorship level.

DOAB currently offers three sponsorship levels that come at different rates with several benefits:

## About us

DOAB is a community-driven discovery service that indexes and provides access to scholarly, peer-reviewed open access (OA) books and helps users to find trusted OA book publishers. DOAB serves as an open infrastructure, connecting OA books and its publishers with the global scholarly community. DOAB is free to use for libraries and publishers and anyone else and all metadata is freely available (CC0). Users don't need to register to explore the richness of the catalogue.

50,000+ open access books

550+ publishers

80+ languages

2,000+ newsletter subscribers

5,000+ Twitter followers
